Who we are

Since 1997 our areas of focus have been design, e-business, consulting, system integration and Webdesign.

Our customers
Carlsberg, Egmont, Sony, Borough of Gorlev, Gerling Insurance, Danish Re Insurance, Trackclub and Telia Telecom.

Visit www.visionteam.co.uk - and read more.

A supplement for those who want more

Those who want more and wish for more functionality in the form of a more communicative content or a more dynamic design can choose between many options. You can calculate the price yourself. Our prices are not based on the price of the individual module, but on how much functionality they are to have or whether they are to be designed in a special manner. This means that you can choose functionality without paying for a special design. There are more examples and prices on our home page.

Additional price for design

- Advanced 1000,-
- Design template 2 levels with non-changed navigation 500,-
- Design template 2 levels with changed navigation 1000,-
- Design template from Photoshop file, provided by your advertising agency 500,-

Additional languages

- First additional language - 50% of the total price excluding extra courses
- Second additional language - 25% of the total price excluding extra courses
- Third additional language - 25% of the total price excluding extra courses
- Fourth additional language - 25% of the total price excluding extra courses

Extra modules/extensions
